

The Amazing Corn Maze

Year 9

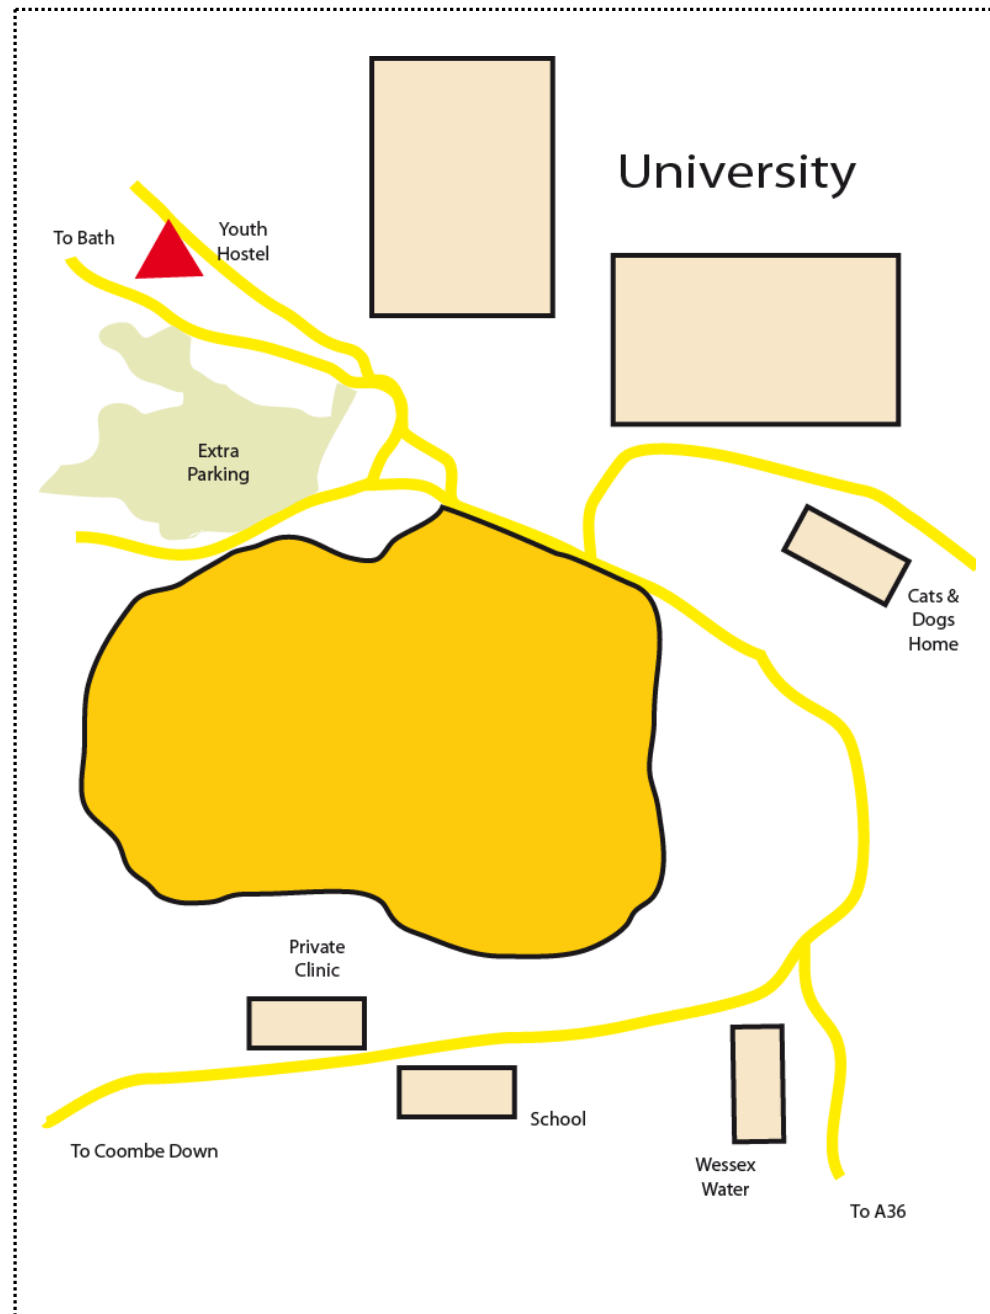

Vector Graphics

Unless stated the line thickness is set to 3pt for any objects you have to draw. You should Save your work frequently.

Part A

1. Load Illustrator. Draw the Roads around Claverton Down as shown on the map. The line thickness is 7pt.
2. Add the Rectangular buildings and fill with Colour.
3. Rotate the Cats & Dogs Home building
4. Draw and colour the Extra Parking and the main irregular shape just left of centre.
5. Add and resize the Text. Then Add your name above "University".
6. Add the Red Youth Hostel Triangle.

You should not add the dotted line around the edge.

Part B

7. Add a graduated filled ellipse with black line (3pt) to represent the Maze area.
8. Add the extra Text (The Amazing Corn Maze @ Bath, <Entrance and “The Amazing amazing corn maze...”)
9. Add the larger arrow from the Title to the Entrance.
10. Add the prices (Dollars / Pounds / Euros) in Red at the bottom.
11. Clipart. This can be found in *Resources > Subjects > InfoTech > Graphics+ > CLIPART > Transportation*.
 - a. Add and resize the 2 cars in the Maze parking.
 - b. Add a third car flipped in the Extra Parking.
 - c. Add the Train, which is rotated.
 - d. Add the bendy bus which has had its colour changed from White to Orange.
 - e. Add the bicycle – note the wheel spoke have been coloured by a graduated fill.
12. Add the “B&NES” Text and Logo within a white rectangle. The part shown is a pixel graphic, yours though must be a Vector Graphic!
13. Add the round edged border with light brown fill (the red line is 9pts).

Part C

- Ensure the layout looks as identical as is possible. Then...
- Design the actual maze in side the ellipse. You may move the “The Amazing amazing corn maze...”, but leave it on the page.
